Subject: RE: Close Sterigenics

From <https://www.facebook.com/groups/StopSterigenics/> ... I know the Air folks have gotten a handful of phone calls today, too.

Stop Sterigenics

4 hrs

MAKE 2 CALLS TODAY! - Tues 10/16

Cathy Stepp is the Deputy Admin of the US EPA (Region 5). In September 2018, despite many warnings and data showing toxic and carcinogenic Ethylene Oxide being emitted by Sterigenics in Willowbrook, IL, Stepp cancelled meetings on 3 occasions that would have potentially shut down the facility that is harming people.

The main number to Region 5 EPA: 312-353-2000

Stepp's email is: stepp.cathy@epa.gov

Above her is Andrew Wheeler, Acting Administrator of the US EPA: 202-564-

4700 Wheeler's email is: wheeler.andrew@epa.gov

Tell them that your life is not disposable. Our children are not disposable.

Demand immediate action!

Subject: Close Sterigenics

Ms. Stepp - please do your job and close down Sterigenics. At the very least, stop cancelling meetings. We have two young children and should not be exposed to carcinogens day in and day out. This has taken way too long. Please do something now!

Thank you - Citizen Name / Ex. 6 (concerned citizen of Willowbrook/Burr Ridge)
